■Background story

With the number of smartphone and tablet users increasing, anyone can now create illustrations and manga.

Since there are more artists than ever, we felt there would be demand for resources that can help raise the quality of the artwork with ease.

By teaming up with DNP "FUN'S PROJECT", a service to help creators, we are able to provide high quality resources to users from all over the world for a very low price on ART street.

MediBang's vision is "Anyone in the world can be a creator". By providing this service, we are one step closer to our vision.

■Features

- High quality resources that even professionals can use is available from 500 yen

We have resources that professionals would also benefit from, such as detailed and clean lineart, background images, textures to enhance the artwork, etc. The price range starts from 500 yen, making it reachable for artists that just started.

- All resources are royalty free

All resources available for purchase on ART street are royalty free. They can be used on magazines, doujinshi, web comics, etc. Once you purchase the resources, they can be used freely without expiration dates.

- Artists anywhere in the world can use them

"ART street Resources" is available in Japanese and English. Paypal or credit card (VISA, MasterCard, JCB, American Express, Diners Club) can be used for payment. The resources are not just for the Japanese, but it is for anyone in the world.

Explore our high quality, royalty free resources to enhance your artwork.
