**MediBang' new service !**

**Beyond the concept of painting “MediBang Paint 極 -KIWAMI-” &  
Support all the illustrators' meals “EAT street” Release !**

MediBang Inc is launching two new services on April 1st: “MediBang Paint 極 -KIWAMI-”, a drawing software that goes beyond the concept of painting, and “EAT street”, a platform that improves creators' meals. These two new services are based on the concept of “Let Creators to Focus More Works”, to solve the concerns of creators heard from all over the world.

Japanese, English, and Chinese (Simplified and Traditional) are available at first, and more languages will be available.

**■ New Service 1**

**Beyond the concept of painting「MediBang Paint 極 -KIWAMI-  
“MediBang Paint 極 -KIWAMI-”**

You will never have to worry about such problems as “I don’t know how to improve my skill”, “Nobody cares about my illustration”, “My motivation is always low.” The “Gentle Engine” will perfectly support your creative activity!

#### ■ Free Functions

AI will gently help you by working with you and encouraging you with four functions below:

1. Work Buddy Function,
2. Encouraging Function,
3. Satisfy Desire For Recognition Function,
4. High-Spec Multitasking Function

#### ■ Paid Function

If the above functions are not enough for you, we recommend the “Safety Functions”.

Please read the example of safety functions below:

1. If you don't complete an illustration at least twice a week, your information will be leaked.
2. If you stop drawing for three minutes, the high-voltage current will wake you up. You will have access to more functions and the “Safety Functions” will motivate you by 200%.

## ■ New Service 2

### Creators Never Have to Worry Meals “EAT street”

We will unleash creators from stresses such as “I’m so tired of thinking about what to eat”, “I don’t want to plan what to eat”, and “I don’t know how to cook” to let them focus on creative activity. That is the mission of “EAT street”. We will support you from “selection” to “serving” food!

Details:

#### ■ EAT street Recipe

Haven’t you bored eating the same meal every day? EAT street introduces innovative recipes that you can taste “heavenly flavors” you have never experienced before.

#### ■ MediBang Cafe Studio

MediBang Cafe Studio will be open with the concept of “Draw” × “Eat”! All the dishes in the EAT street recipe are cooked by professional chefs and served.

In addition, there will be a MediBang paint experience corner.

#### ■ MediBang Eats

Would you like a freshly prepared meal in your home? MediBang Eats will deliver meals on EAT street to your home and office! You can order from the app and it’s available across the world!
